High Speed HDMI® Cable Basic

High Speed HDMI® Cable with Ethernet, Plug/Plug

Item Description:

The Zignum HDMI connecting cables are the perfect addition to your high-tech equipment. Thanks to double-shielding and gold-plated contacts, data loss during transmission is largely minimised. Furthermore, the cables have an additional HDMI Ethernet channel (HEC) for a network cable connection. The connectors are shielded and sealed. This makes the Zignum HDMI cables flexible and ready for anything that may come their way. The cable supports Audio Return Channel (ARC), Automatic Content Enhancement (ACE), Deep Colour, 3D via HDMI, 1m - 5m +15m up to ULTRA HD 2160p 2K x 4K, 7.5m - 10m FULL HD up to 1080p, Multichannel Surround Sound 5.1 and 7.1, and data streams of up to 340MHz can be transported without errors. The supplied dust caps reliably protect the ends against dirt and scratching.

Specifications:

- 19 pole HDMI connector on 19 pole HDMI connector
- 24 carat gold-plated contacts
- Double shielding
- Audio return channel (ARC)
- Automatic Content Enhancement (ACE)
- Network cable (HEC)
- Multichannel Surround Sound 5.1 and 7.1
